**Easy to Grasp . . . Easy to Apply . . . Easy to Remember
. . . and Really Thorough**

The A B C of PIANO PLAYING

by BORIS BERLIN

An Easy Method for Beginners in Three Stages

The first thing you will notice in the A B C of Piano Playing is that it **looks** interesting. Each of the 3 books is profusely illustrated with pictures and diagrams.

Besides stirring the child's imagination, these visual aids are very thorough. Nothing is left to chance. Each point is explained clearly, and the pupil quickly learns to put it into practice.

The elements of notation and keyboard work are grouped in graded lessons for the teacher to present at her own discretion.

In order to impress each point on the pupil's memory, the child is encouraged to fill in diagrams of the keyboard and staff given with each lesson. These writing tests are a valuable aid to practice **between** lessons when the teacher is not there to help.

The memory is strengthened further by brief reminders at each lesson of what has gone before.

The A B C of Piano Playing combines interest-power with careful grading, putting first things first, and all those other essential things which every teacher looks for in a well-planned course of instruction.

Boris Berlin, the author of the A B C of Piano Playing, is a well-known pianist teacher, examiner and festival adjudicator with a wide reputation in training children. He is a member of the Board of Examiners of the Royal Conservatory of Music Toronto, Canada.

THE MUSIC TEACHER says: "A well-designed, self-contained Course for children, presenting the elements of notation and time, simple written tests, illustrative tunes and drills. Pictorial illustrations help imagination."

BOOK I . . . 75c

First beginnings in which the child is introduced to the keyboard from the outset. Notes, clefs, time values, rests, bar lines, dotted notes, simple intervals, slurs and contrasts in tone amount.

BOOK II . . . 75c

One sharp and one flat, ties, staccato, phrasing, accidentals, both hands together, 16-bar pieces and a duet.

BOOK III . . . 75c

Introduces scales C, G, and F and broken chords followed by well-known melodies and a duet based on these features.

Thanks . . .

The Saskatchewan Association of Music Festivals and also the local Festival Executive tender their sincere thanks to the managing boards of Knox-Metropolitan United Church, Scott Collegiate, Canadian Legion Memorial Hall, First Baptist Church and St. Paul's Parish Hall, Darke Hall, for permission to use their buildings. Without them it would hardly be possible to hold the Festival in Regina.

Our thanks are due to Heintzman & Co., who have loaned the Heintzman pianos being used at the Festival buildings. The Association is not a money-making organization, and assistance such as the above aids our operations.

The Regina Branch, Saskatchewan Association of Music Festivals, wishes to thank the University of Saskatchewan and the Saskatchewan Arts Board, for the financial assistance extended to the Association.

In 1936 he joined the staff of the BBC where he has been ever since (except for three years in the R.A.F.) and is now their Chief Assistant for orchestral and choral music.

It is with a great deal of pleasure and pride that I welcome everyone attending the 49th Annual Music Festival in Regina.

The continued success of these festivals exemplifies not only the zeal and efficiency of the organizers, but the high degree of appreciation of fine music shown by the people in our City and Province. I am certain that the contestants at these annual festivals gain immeasurable experience and confidence. It is through such endeavours as these festivals that our great artists of tomorrow are born.

On behalf of the citizens of Regina, I offer gratitude to those who promote these festivals and a sincere welcome to everyone attending this year's festival. I hope that the success of the 1962 annual Music Festival will surpass those of the past.

H. H. P. BAKER, Mayor.
